DEDICATION — VINCENT BERCHER

For this years Walum Olum dedication the class of 1968 has chosen a teacher who has given much of his time to the Upper Perkiomen High School. His labors include: directing the marching band, concert band, dance band, brass choir, and the clarinet choir; head of the fine arts department; teaching a newly formed music theory class and his usual instrumental music classes.

In this his ninth year at U.P. his record has again been outstanding. Under his leadership this years' band performed superbly at every appearance they made, from the Souderton Cavalcade of Bands to the Pottsville Winter Carnival. Under his chairmanship, the fine arts department has striven to develop an appreciation for the Arts in all students. We are very lucky to have a man like this on our faculty.

Just saying thank you is not enough, to show our appreciation we are dedicating the 1968 Walum Olum to you, Mr. Vincent Bercher.

FOOTBALL

Coming off the football championship of '66, the Indians came into the new season with the same dreams, only to have a 4-5-1 season. The season started under the lights at Boyertown as they began with a victory. They continued their winning ways the following week at Wissahickon in, by far, the most exciting game of the season. The fighting Indians showed continuous improvement as they scored a decisive victory over Hatboro in our first home game of the season. The next four games proved disasterous as they lost to Springfield, Central Bucks, Pennridge, and Upper Moreland unfortunately enough by only a total of 21 points. The Quakertown game brought life again only to be let down by a loss to North Penn. In the traditional Thanksgiving Day Game, Souderton met Upper Perk on a rain soaked field at Upper Perkiomen. Although it was still raining, the stands were filled to witness this, always exciting, football game, as the "Keenymen" battled Souderton to a 7-7 tie.

HOCKEY

Eager to test their skill of the game, the Varsity Hockey Squad had a hard season with little success. The season began in a thunderstorm at Boyertown which proved to be a foreshadowing of the season. Pennridge took the league opener. Losses continued to Wissahickon and Quakertown, followed by a massacre by Central Bucks. Then came the clash between the two Squaw teams which ended in a tie. The losing streak began again with losses to Hatboro and Upper Moreland. In the last game North Penn came out on top to become the Bux-Mont League Champs. With Mrs. Utz's superb coaching and many returning letter winners, future success should be guaranteed.

Lower score denotes victor.

Winning three meets may not seem like a very impressive record, but it was the taste of victory for the U.P.H.S. cross country team. With 12 men returning next year, our team can look forward to some excellent meets and an even greater taste of victory. One of the returning lettermen is Rich Yocum, who finished 17th in the Bux-Mont Championships.

Seniors Ron Dinlocker and Alan Breyer brought in some very impressive performances for the team this year. Alan finished high for the Indians in all races and Ron finished a brilliant season by winning the 19th place medal in the Bux-Mont Championships.

BASKETBALL

COACHES: Mr. Ruby, Mr. Olson.

This year's basketball squad put together a lot of hustle to attain a record better than had been expected. The "Rubymen" improved as the season went along scoring impressive victories over Pennridge, Quakertown, Souderton, North Penn and Hatboro.

In a league that saw a three way tie for first place, the Indians were involved in many close games with the contenders. The varsity ended the season with an 8-10 record for a fifth place tie with Hatboro-Horsham.

GIRLS BASKETBALL

In order for any kind of a team to gain victories each member must realize the duties he owes to the team.

As in girls' basketball every girl must play to win and be in top physical condition. It is impossible for a team to win if it doesn't display more superior technical skills than it's opponent. But it is true that good basketball players don't "just happen." The coach must take these untrained, often awkward, adolescent girls and work toward developing them into a part of a smooth, closely knit unit — the team.

The girls and Coach Felton have failed to gain any victories this year but there are underclassmen who have gained valuable experiences for next year.

"The fact that we have fallen this year is unimportant now, for we shall rise next year."

BASEBALL

This year's baseball team has had another good finish this season. Under Coach Slemmer, this year's team is made up mostly of underclassmen since there are only three seniors, Paul Hoh, Steve Boyer, and Steve Moyer. The team's main problem was pitching.

Because of the great number of underclassmen and a fine junior varsity team, next year should produce an even better baseball team.

TRACK AND FIELD

Although this year's track team had only four seniors in its midst, it was an interesting season, with many returning participants contributing their talents.

Returning Seniors included Chris Weikel heaving the shot put, Brian Schultz throwing the javelin, Alan Breyer running distance races and Steve Moyer jumping the hurdles.

Although this season had its trying moments, the experienced gained by the underclassmen should lead to bigger and better things next year.

SOFTBALL

The 1968 softball season opened with four returning letter winners to guide this year's team. Among these are two seniors, Karen Young and Linda Roth, and two juniors, Dawn Kolb and Linda Slack.

Much practice plus guidance from the efficient coach, Mrs. Kathleen Utz, aided by the players in the great cause.

To boys, softball may seem to be an easy sport, but to the girls who make up the team, the sport means many serious hours of hard work and great effort on the part of each player. With only a few seniors leaving, future success should be guaranteed.

Keeping in mind the four important goals of Character, Scholarship, Leadership, and Service, the NHS has striven for excellence in its many activities. One of its major achievements was the introduction of an honor roll. Other activities this year included selling Mums at the Boyertown and Souderton football games, selling play tickets, baking cookies for a local convalescent home, and tutoring students. Preparing for the annual induction cermony, the NHS visited Upper Dublin High School and Abington Junior High School to observe their inductions. February 15,.1968 was the date of the Upper Perkiomen induction ceremony. Twenty-five students, including Riitta Merilahti, the foreign exchange student, were inducted, bringing the total membership to thirty-three.

WALUM OLUM

This year's Walum Olum staff worked hard to produce a yearbook that would serve as an accurate record of the 1967-68 school year. The staff was headed by Clyde Beswick as editor-in-chief. He was aided by the other editors: Barbara Smith, Literary; Linda Mohler, Lay-out; Jackie Shewell, Art; Debbie Metz, Typing; Linda Slotter and Peggy Schlicher, Photography; Robin Roncace, Girls' Sports; Steve Moyer, Boys' Sports. Paul Hoh handled the financial aspects of the yearbook.

Under the supervision of Mr. Schlicher, the yearbook staff compiled the history of the class of 1968. A lot of effort and hard work went into producing the Walum Olum. Pictures had to be identified, articles written, money received, and typing done. The editors and staff hope that their efforts to produce a memory book for the year 1968 have been successful.

STUDENT COUNCIL

"Student Council is not just for planning activities; it is a student government designed to help the students." With this concept in mind, the 1967-68 Student Council, under the direction of Mr. Carl Arner and Mr. Harry Clark, took over the duty of holding morning announcements.

The Student Council also sponsored a "Sadie Hawkins Day" Dance in November and promoted the holiday spirit with the annual "Decorate-Your-Door-Contest" at Christmas. Academic achievement was given a boost by the Council's support of an honor roll drawn up by the National Honor Society.

The Student Council established the first student initiated dress code which they presented to the school in the form of a fashion show. Plans were discussed to set up a Senior Work Day for the support of a commencement scholarship.

To produce an informative, up-to-date monthly account of school news was the objective of this year's Perk-O-Lator staff, under the direction of their new advisors, Mr. and Mrs. Richard Lampe.

Different layouts were introduced and more pictures used in an effort to vary the appearances of the Perk-O-Lator. Features such as "Letters to the Editor" and "Complaint and Comment" were introduced. The Perk-O-Lator was entered in the Columbia Scholastic Press Association Contest for high school newspapers.

NHS Inducts Twenty-five New Members

Twenty-five students, including Riitta Merilahti, the foreign exchange student, were welcomed into the National Honor Society at its induction ceremony on February 15, 1968.

The inductees included two seniors: Riitta Merilahti and Gary Miller; six juniors: Brian Beard, Sharon Conrad, Gail Gery, Shirley Reinhard, Beverly Smith, and Terry Smith; and seventeen sophomores: Wendy Bernd, Donna Brinkman, Gail Brinkman, Delores Crossley, Nina Fry, Rachel Gehman, Janine Jett, Mary Lou Kleinbach, Maryann Kulp, Mary Meyers, Anne Moyer, Derek Reigner, Keith Shenberger, Bonnie Smith, James Smith, Roberta Walker, and Monica Xander.

This year the NHS asked the Brass Choir, under the direction of Mr. Bercher, to play at the inductions. The traditional candle lighting ceremony was followed by congratulatory remarks from Dr. Thompson, Superintendent of the Upper Perkiomen Joint School System, and Mr. Roth, principal of the Upper Perkiomen High School. A reception in the library followed the ceremony.

Six Students Attend District Chorus Concert

Six Upper Perkiomen High School students participated in the Upper Southeastern District Chorus concert at Upper Moreland High School, Willow Grove, Friday and Saturday evenings. The students were: Nadine Owens and Christine Hinkle, first alto; Linda Slotter, second alto; Clark Hamman and Brian Marks, first bass; and Henry Fisher, second base.

Students were selected for the District Chorus on the basis of recent auditions. The chorus numbered 238 pupils from 30 schools.

Donald R. Mathias was the guest conductor. Now minister of music at First Presbyterian Church of St. Petersburg, Florida, he was formerly a professor at Westminster Choir College, Princeton, New Jersey.

FTA Announces Spring Activities

The FTA, under the capable leadership of President Lesa Spacek, is planning a trip to East Stroudsburg State College. Also on the agenda is a visit to the elementary schools, at which time members who plan to become grade school teachers may have the opportunity to teach a class.

Members of the FTA are also discussing the probable teacher's strike which will affect the school. An Executive Planning Committee has also been formed.

BAND

Providing advancement for excelling musicians and serving the school in various musical capacities, the Upper Perkiomen High School Band completed another year under the capable direction of Mr. Vincent Bercher.

The U.P.H.S. marching band sparked the football season this year with the color and intricate formations of its half-time shows. At Halloween the marching band participated in parades at Hamburg and Gilbertsville, as well as the local one. During the fall the band also took part in the First Annual Souderton Cavalcade of Bands, winning a second place trophy for the band and a third place trophy for the colorguard and majorettes.

CHORUS

Striving to impress the students at Upper Perkiomen with an appreciation for the fine arts, the senior chorus began its first year under the direction of Mr. Richard Lampe.

With Mr. Lampe's arrival the chorus underwent a complete reorganization. The senior high chorus was divided into an "A" choir, the traveling choir, and a "B" choir, composed of the traveling choir plus approximately 30 other students.

Officers were elected for the senior high chorus. Three seniors: Linda Slotter, Nadine Owens, and Brian Marks, became, respectively, president, secretary and treasurer. Henry Fisher, a junior was chosen vice-president.

The spring concert marked the end of a busy year for the chorus. At Christmas-time both the junior and senior choruses presented the annual Christmas choral concert. The "A" choir also traveled to Philadelphia to sing carols at City Hall. Six chorus members were selected for District Chorus and appeared in the District Chorus concert on February 9 and 10, 1968, at Upper Moreland High School.

VARSITY CHEERLEADERS

The "lively nine" cheerleaders have sparked both the football and basketball teams on to many victories. At every game you could always find those peppy girls with the blue and gold uniforms, rain or shine.

Contrary to what many people think, cheering takes much energy, skill, and practice. Each cheerleader has contirbuted as much energy and enthusiasm as possible. Under Advisor Mrs. Utz and Captain Linda Roth, they have continually tryed to promote school spirit by sign making and pep rallies. As long as U.P. cheerleaders are around there will never be a quiet moment.

SENIORS: P. Roth, L. Fenstermaker, P. Schlicher, R. Roncace, L. Roth, S. Anderson, L. Slotter, K. Engle.

VOICE OF UPPER PERK

"The Voice of Upper Perk" screams a sign hanging on the gymnasium wall. "Reserved for 'Voice' Members" warns another on the bleachers. Two years ago these signs were not seen, the "Voice" was not heard of. But this year, an organization called the "Voice of Upper Perk" became one of the major school organizations.

The "Voice" started out as a small committee of junior girls, organized by Dorothy Dornsife and Donna Purcell, interested in doing something about the lack of school spirit. But it rapidly grew into an organization which boosted a membership of approximately 150 students.

Under the guidance of Mrs. Utz and Mr. Clark, the "Voice of Upper Perk" completed a successful and trying year. But the foundation has been laid on which a continuing organization can be built.

JUNIOR PLAY — "BEST FOOT FORWARD"

For their first theatrical production the class of '68, under the direction of Mrs. Anne Raymond and Mr. Tom O'Connor, chose the comedy, "Best Foot Forward," about the hilarious antics of a group of boys at Winsocki Prep. Bud Hooper (Steve Moyer) on an impulse invites a movie star, Gale Joy (Linda Slotter), to a prom at Winsocki. The troubles begin when she accepts his invitation. Both Bud's girlfriend Helen (Kate deAngeli) and Gale Joy arrive for the prom. Things become hectic as Bud tries to pass Gale Joy off as his date while preventing Helen from finding out about the movie star. Bud's friends (Henry Geisinger, Kyle Reigner, Tony Bono, and Bill Kle) attempt to help but they only make things worse. While trying to smuggle several girls out of his friend's room, Bud locks the headmaster Dr. Reeber (Brian Marks) in a closet and is immediately expelled. But Gale Joy devises a plan by which Bud is reenstated at Winsocki. Helen forgives Bud, and Gale Joy, because of the publicity, receives a big option at the movie studio.

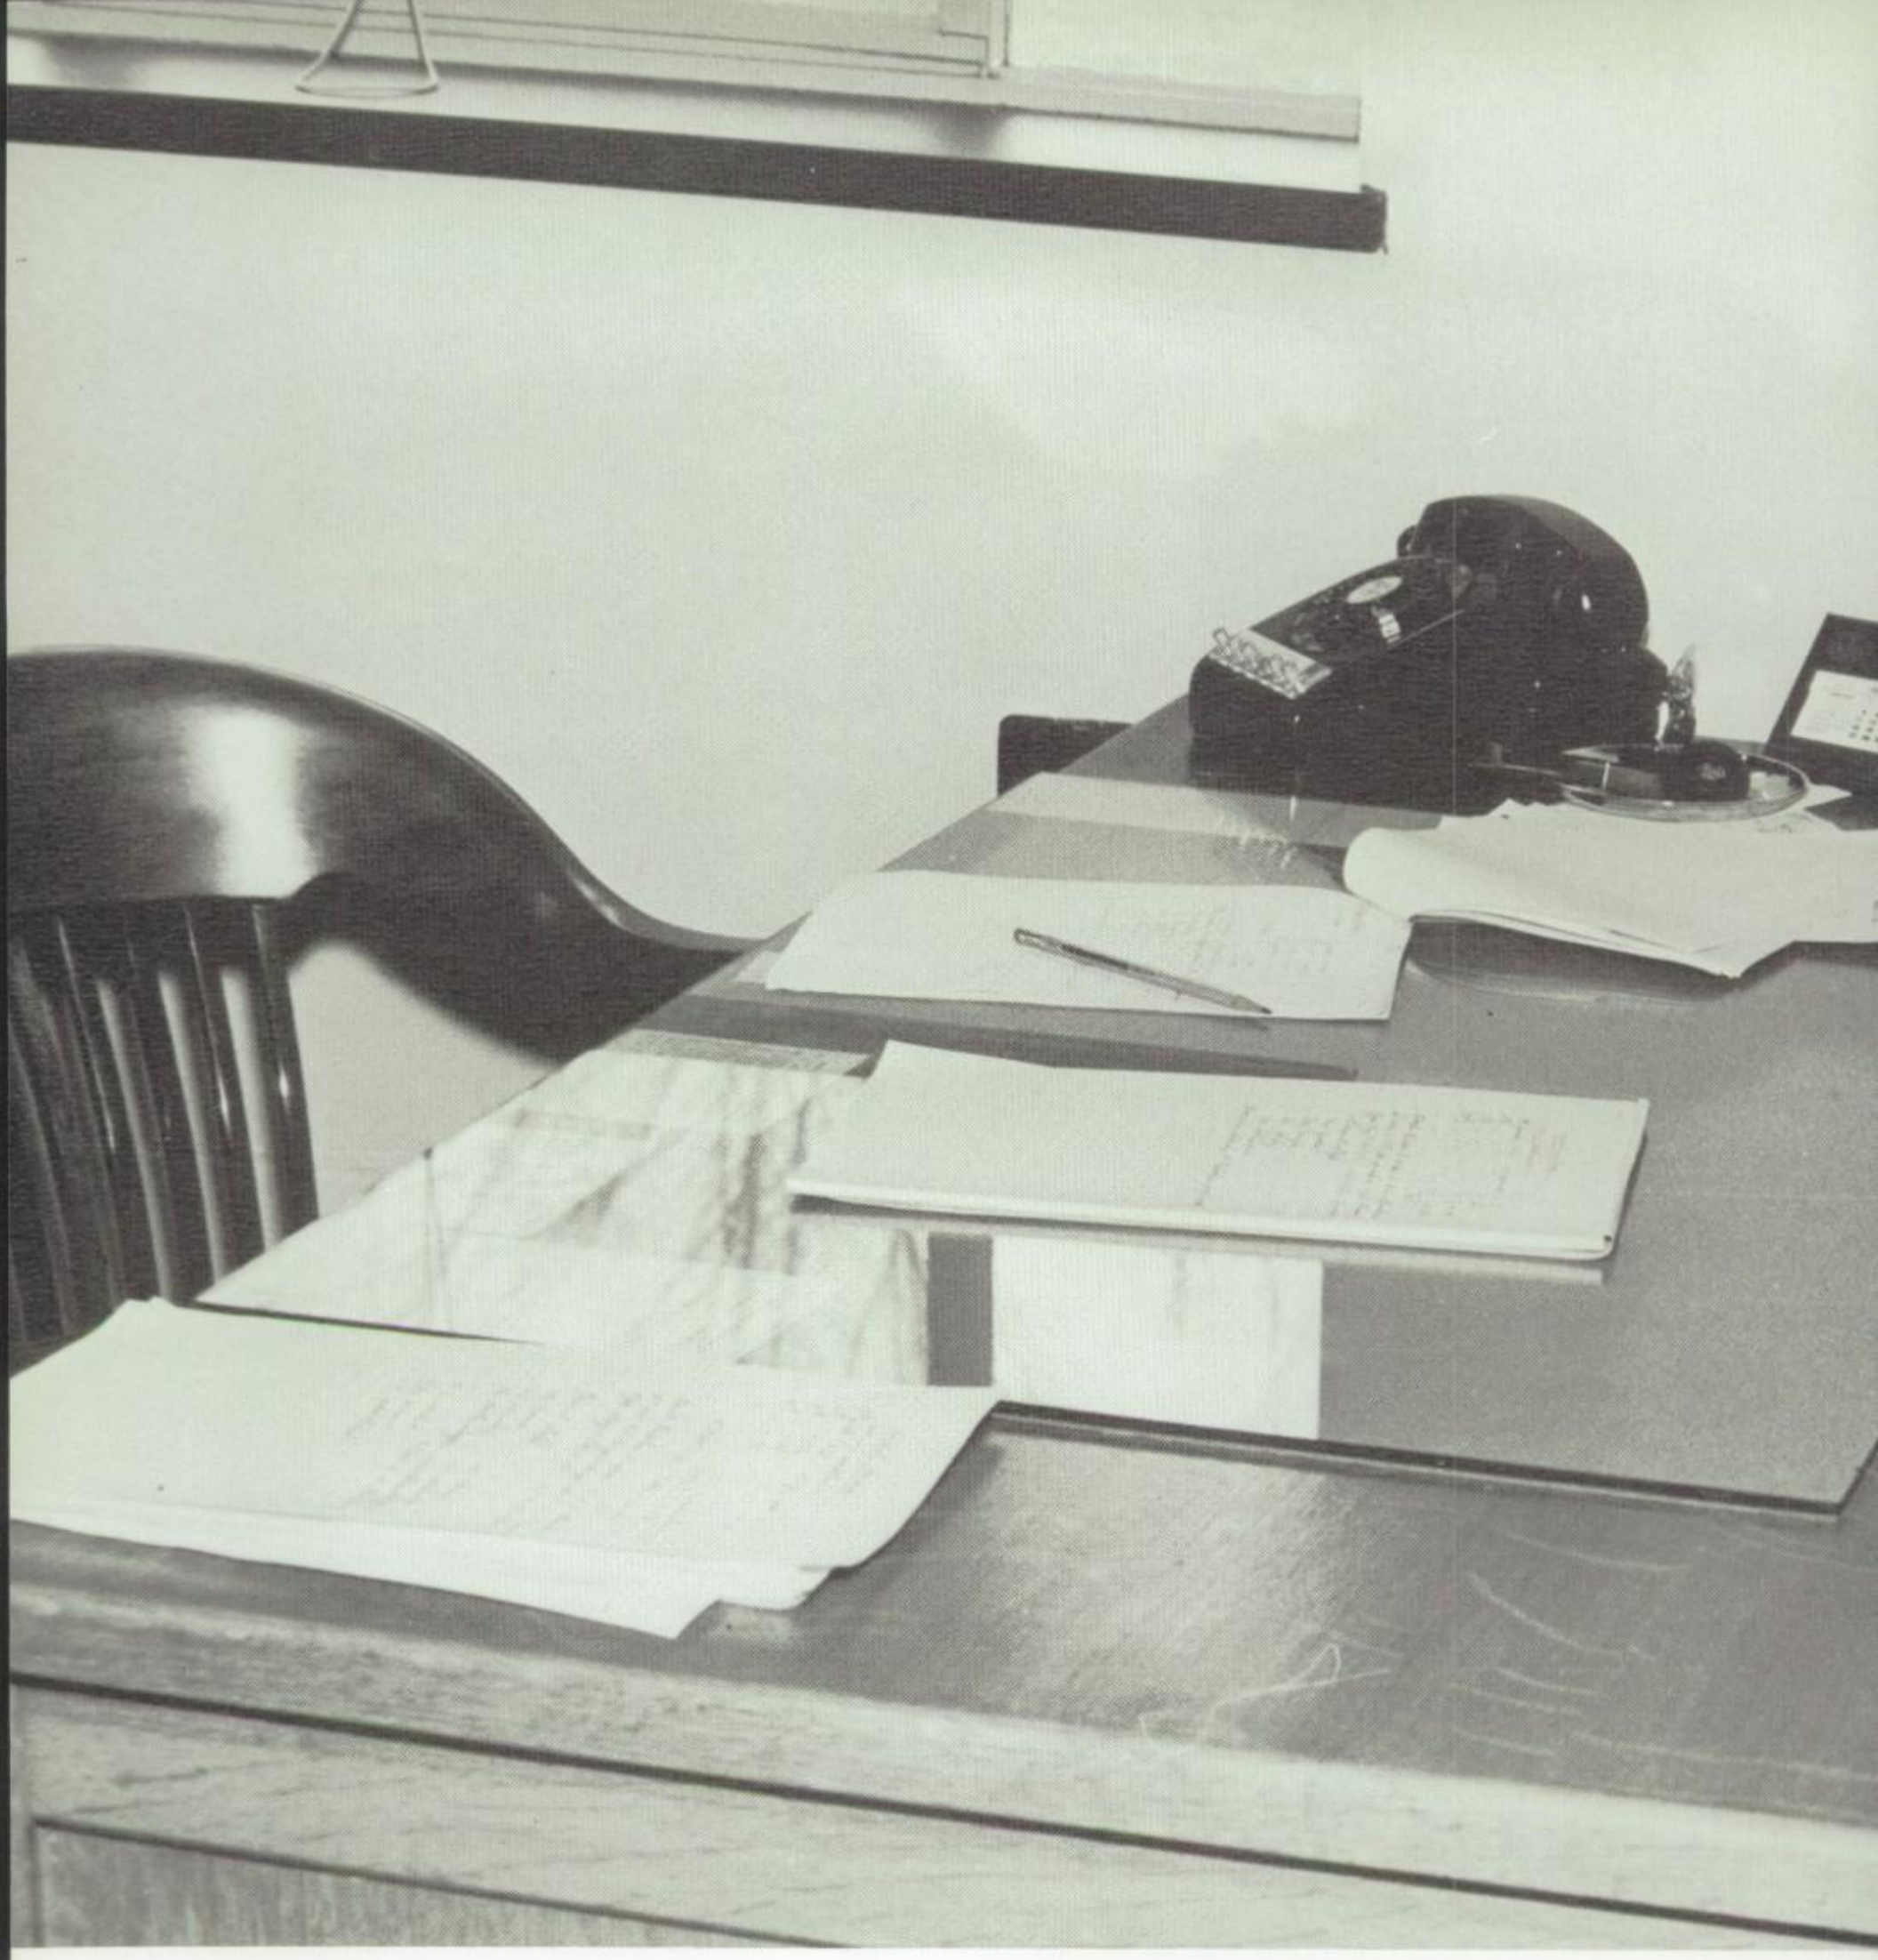
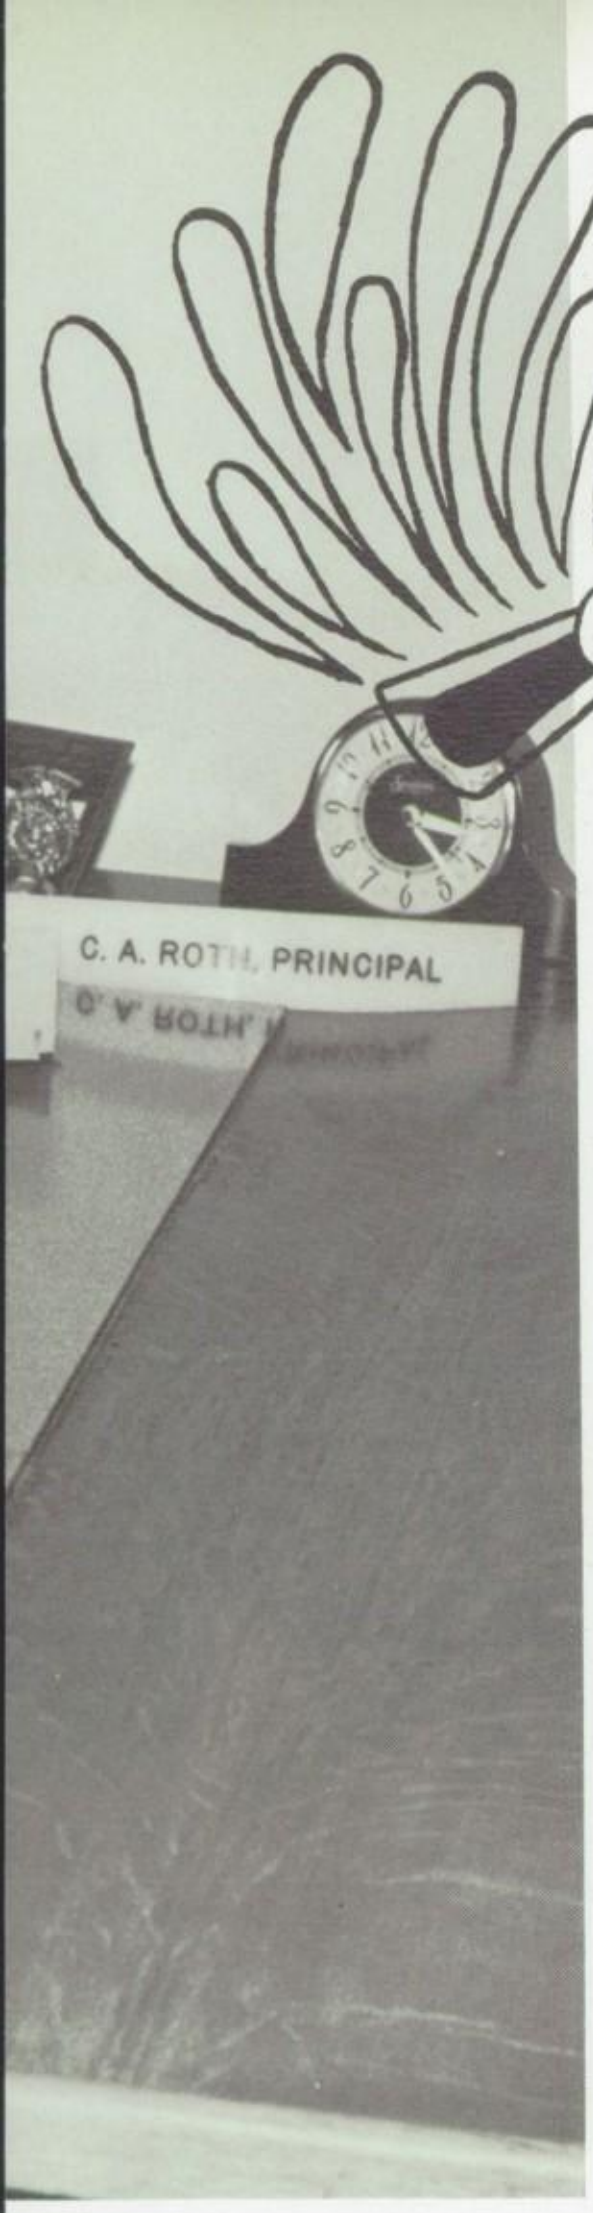
SENIOR PLAY "TURN BACK THE CLOCK"

The senior thespians performed their last dramatic efforts at Upper Perkiomen when they presented "Turn Back the Clock," on December 8 and 9, 1967. Mrs. Raymond directed this comedy about a family in 1928.

In a brief prologue, Mr. and Mrs. Hill are waiting up for their children. Mr. Hill complains about the "irresponsibility" of the younger generation, but Mrs. Hill reminds him of some of his own antics, and the audience returns with her to the days when she and Mr. Hill were seniors in high school.

In the play itself the audience sees that parents and children haven't really changed at all. Evie Hill's (Kate deAngeli) parents, Mr. and Mrs. Palmer (Clyde Beswick and Linda Slotter), her brother Larry (Kyle Reigner), and her sister Sally (Debbie Metz and Jackie Shewell), all become involved in Evie's dilemma with her boyfriends, Johnny Stone (Henry Geisinger) and Charles Hill (Paul Hoh).





FACULTY AND ADMINISTRATION

OUR FACULTY AND ADMINISTRATION DIRECTS EVERY FACET OF SCHOOL LIFE

IN MEMORIUM

Mr. Warren Schlegel

"No man is an island." This quote aptly applies to Mr. Schlegel. During his years at Upper Perkiomen, the faculty, administration, and students came to know him well — as a friend, a disciplinarian, an educator.

Mr. Schlegel's untimely death brought to a close 30 years of dedicated service to the Upper Perkiomen School District. During his career here he served ably as a teacher of Latin and English, head of the Latin and English departments, and director of the Upper Perkiomen Adult Evening School. At the time of his death, Mr. Schlegel was serving as assistant principal, a post to which he had been appointed in August of 1964.

Mr. Schlegel stood for excellence in academic achievement. He was a master teacher and was regarded with respect by faculty and students alike. His humor and forthrightness have left a lasting impression on those who knew him.

SCHOOL BOARD: SITTING: *Robert Walker, George Baver (President), Otto Koch;* STANDING: *Linwood Fry, Russel Engle, R. Winfield Smith, Stanley Fox, Paul Davis, Kenneth Kleinbach.*

SCHOOL BOARD

The nine men of the school board have been delegated by the state with the authority to determine school policies, to discharge funds for education, to hire teachers, and to choose the superintendent.

Though the state fixes certain minimum requirements, the school board is given some jurisdiction over the length of the school year and the number and type of subjects taught. In most matters of policy the school board follows the suggestions of the superintendent.

The members of the school board serve without pay. Each member is elected for six years and three are elected every two years.

SUPERINTENDENT

DR. THOMPSON

The superintendent of Upper Perkiomen School District is the administrative officer of the Board of School Directors. He is responsible to the Board for all phases of the operation of the school district. Our superintendent is Dr. Thompson who is in his second year at Upper Perkiomen.

Curriculum and instruction, staff recruitment, operation and maintenance of buildings and grounds, new construction; taxation, financing and accounting; transportation, extra curricular activities and public relations, are the main areas of his responsibility.

Under the policies established by the Board of Directors, the superintendent directs the school staff. After consultation with the staff, he advises the Board on development of new policies or revision of present policy to advance Upper Perkiomen's Pursuit of Excellence.

ASSISTANT SUPERINTENDENT

MR. MULLEN

The assistant superintendent, Mr. Mullen, is the superintendent's executive officer and assistant in all phases of school operation. Due to the urgency of curriculum and instruction reorganization, the Upper Perkiomen assistant superintendent is placing major emphasis in this area in 1967 — 1968. He is leading our instructional staff in major research and revision of our program of studies and re-organization of our curriculum and instruction methods and content.

Recruitment of the best possible teaching talent, and supervision of our present excellent staff of principals and teachers is a key activity for him.

PRINCIPAL MR. ROTH

In order to make the running of a school a smooth and orderly operation; the principal must have experience in the field of education. Mr. Roth, our principal, does not lack in this quality, for previously he has served as a coach, a teacher, and an assistant principal.

The operation of the school involves many responsibilities and duties, including work with the teachers, the students, the school board and the community. Mr. Roth assumes the leadership of the department heads, and delegates to the teachers certain duties pertaining to curriculum. He also administers the educational program in the school. With Dr. Thompson, the superintendent, and other administrative staff members; Mr. Roth determines the curriculum from kindergarden to twelfth grade.

Mr. Roth deserves a big "Thank You" for the fine job he has done in running our high school.

ASSISTANT PRINCIPAL
MR. CLARK

Coming to us from Upper Moreland's department of music via Abington, Mr. Clark has a big job as assistant principal.

The duties of his job are numerous. Mr. Clark is the public relations man and the chairman of the counciling committee. Many times he may be seen at a Student Council meeting or a Voice of Upper Perk activity. As disciplinarian he has gained much popularity among students. Mr. Clark is also in charge of curriculum procedures.

SOCIAL STUDIES

To develop an awareness of man's heritage, an appreciation of other cultures, and a better understanding of the contemporary world are a few of the primary objectives of the Social Studies Department.

In junior high the student is introduced to American and ancient history. These areas are covered in more depth in senior high. As a sophomore, a student studies American history from pre-colonial times to the Second World War. In World Cultures, offered in elventh grade, the student learns about the history and culture of Asia, the Middle East, Europe, Africa, and the Americas. Seniors discuss their own and other governments in Problems of American Democracy.

In a world becoming increasingly technological, science, in some form, will effect everyone, regardless of occupation. Therefore, the science curriculum at Upper Perkiomen attempts to give the student an understanding of science at either a practical level or a more complicated one — depending upon what is needed or desired. Experimentation, demonstration, and observation are incorporated into each course. The Science Department offers a variety of courses, from life science to P.S.S.C. Physics.

MATHEMATICS

In order to meet the challenge of a modern, computerized world; the student of today must have a sound foundation in mathematics.

All must master the four fundamental processes; addition, subtraction, multiplication, and division. Some students advance a step further into higher mathematics, as algebra and trigonometry.

The Upper Perkiomen High School offers general math; algebra I,II, and III; geometry; modern math; trigonometry; and advanced mathematics. The students have the advantage of acquiring a knowledge of sets and number systems in modern math to quadratic equations in algebra.

In addition to this vast treasury of knowledge, the student develops the ability to think, creatively, logically, critically, and abstractly; to estimate; and to evaluate.

With this sound foundation developed in the high school math courses, a student is beginning the preparation to meet the challenge.

Probably one of the only classes where a student can express himself freely is an English class. This is why the English department strives to maintain a competency which is stimulating and appealing to the student. At Upper Perk, the English program is arranged so that the student prospers in many ways by developing and enhancing his power of communication, enabling him to think clearly and to express himself coherently, and developing — through literature — his knowledge and understanding of the world and people around him.

FOREIGN LANGUAGES

In our language department the emphasis is placed or communication, speaking, reading and writing.

Each of the four languages; French, German, Spanish, and Latin, is conveyed to the student through the use of textbooks, magazines, stories, plays, tapes, and poetry.

Various methods of teaching are used to gain students' interest in the language he wishes to learn. This language will help him to plan a brighter future and obtain better opportunities in the ever-expanding field of employment.

The Physical Education Department strives to develop fundamental and useful skills necessary for the physical, mental, and social well being of the students at Upper Perkiomen.

At the junior high level students participate in team sports, such as football, basketball, hockey, and softball, and in gymnastics. In senior high the students are offered an increased variety of activities. While the boys are instructed in wrestling, the girls are taught modern and social dancing. Seniors develop skills in such leisure time activities as badmenton, bowling, archery, and golf.

INDUSTRIAL AND VOCATIONAL ARTS

The industrial and vocational arts courses at Upper Perkiomen are home economics for the girls and shop for the boys. One of the main purposes of this department is to foster the development of creative leadership in the students home and community life.

In Junior High the girls learn to sew and cook and the boys show their creative ability with wood, leather, plastic, and ceramics. Senior High girls interested in homemaking may join the F.H.A., Future Homemakers of America. Boys are encouraged to take mechanical drawing and wood and metal shop.

SPECIALTIES

Music and art enable the student to express his moods and personality. In the art program, colors textures and shapes are utilized to relate ideas and objects to the people and places in the world around us. Art appreciation is offered in ninth grade so that each student is impressed with an awareness of the history and influences of art.

Music is offered to the student in two forms: vocal and instrumental. Students talented vocally and instrumentally are encouraged to further their musical abilities.

The music appreciation course covers such topics as jazz, spirituals, folk music, rhythm and blues, rock and roll, classical, and Gregorian Chant. All add to the variety of the course.

SERVICES

Throughout our adolescence a great part of our time is spent in school. Much of the credit for successful functioning of the school belongs to the office staff, the nurse, the cafeteria staff and the custodians. They work behind the scenes to insure us that things are clean and safe and that hot, wholesome lunches are provided for all the students. Therefore, we would like to express our thanks to these deserving workers.

CLASS HISTORY

Many moons have passed since we, the Class of '68 first entered the strange, cavern-like halls of Upper Perkiomen. We were small compared to the huge upper-classmen. But we would grow, both in size and knowledge.

Two years later when we formally organized as a class, the halls were more familiar and they appeared to be smaller than before. Henry Geisinger became our first president, with Harry Hunsberger holding the post of vice-president. Nadine Owens and Roger Schott were chosen, respectively, as secretary and class treasurer. We selected burgundy and white as our class colors and the pink carnation as our class flower. "In ourselves our future lies" became the class motto. On an evening in the spring, we held our freshman party, "End of the World".

The following September we returned as sophomores. Steve Moyer was chosen as class president and Harry Hunsberger returned as vice-president. Charlene Krause became secretary with Paul Hoh elected as treasurer. With excitement we tried on our class jackets in burgundy and white. "Three Coins in the Fountain" was the theme for our sophomore party.

Our junior year followed, and we continued to grow mentally and physically. We gave our sophomore class officers a vote of confidence by re-electing them to another term. At the Junior Prom we danced under swaying palms in a "Polynesian Paradise". The comedy "Best Foot Forward" had everyone in stitches.

As seniors we returned for the last time to the now familiar halls of Upper Perkiomen. We had grown in knowledge and understanding. Our final class elections returned Steve Moyer to the presidency, with Henry Geisinger becoming our vice-president. Charlene Krause was re-elected as secretary and Scott Thompson was chosen treasurer. "Turn Back the Clock", the senior play, had the audiences in an uproar. The charm of the old South was revived in the Senior Prom "Colonial Splendor". Our commencement in June climaxed a busy and hectic senior year.

VOCATIONAL-TECHNICAL SCHOOL

Upper Perkiomen students have gained two outstanding educational buildings during 1967-1968, the new high school and the vocational-technical school. Provided through the foresight of the Board of School Directors and the concern of Upper Perkiomen citizens for the best education of their youth, these buildings offer the most modern facilities for advanced programs in education.

The new high school building, located on a beautiful site overlooking the reservoir lake, will house over 900 students of grades 9-12 of a reorganized primary-middle school-high school plan. The building contains a thirty foot domed Spitz planetarium, electronic language laboratories, an olympic size natatorium, large and small group instruction rooms, student individual research laboratories, an instructional resource center — library combination, a beautiful auditorium well equipped for dramatics, both varsity and remedial gymnasium, all on a forty-three acre site providing tennis courts, football stadium, baseball field and facilities for many other outdoor sports.

The vocational-technical school operated in joint effort with Pottsgrove and Springford Schools, offers half day sessions preparing for vocational and technical careers in industry and business. Well equipped laboratories offer most modern facilities in: Data Processing, Agriculture, Horticulture, Auto Body, Auto Mechanics, Audio-Visual, Carpentry, Cosmetology, Design Technology, Distributive Education, Electronics, Industrial Electricity, Machine Trades and Welding.

The staff of Upper Perkiomen Schools is reorganizing the curriculum to gain maximum educational value of these great facilities for the students of Upper Perkiomen Schools.

NEW HIGH SCHOOL

JENNI RIITTA AND DANA

This year Upper Perkiomen was proud to host two foreign exchange students. The first to arrive was Jennifer Day from Australia. Friendly to everyone, Jenni brought with her the "down under" spirit and charm. Our second foreign student was Riitta Merilahti, an athletic Miss from Finland. Riitta was active in girls basketball and hockey and was rarely seen wihout her engaging smile. Both were willing helpers at the senior refreshment stand during football games. Jenni left Upper Perk in December but Riitta continued to work at the refreshment stand throughout the basketball season. Upper Perkiomen was also honored to send one of its own students abroad. Dana Bernd, a senior, spent the year in Bussum, Holland.
